## Cognac & Armagnac

*Cognac: named after the town of Cognac in France, is a variety of brandy. It is produced in the wine-growing region surrounding the town from which it takes its name, in the French Departements of Charente and Charentes-Maritime. Armagnac: is a distinctive kind of brandy produced in the Armagnac region in Gascony, southwest France. It is distilled from wine usually made from a blend of Armagnac grapes, including Colombard, and Ugni Blanc, using column stills rather than the pot stills used in the production of Cognac*

## Rhum & Rum

*Rum: is a distilled alcoholic beverage made from sugarcane byproducts such as molasses, or directly from sugarcane juice, by a process of fermentation and distillation. The distillate, a clear liquid, is then usually aged in oak barrels. Rum can be referred to in Spanish by descriptors such as ron viejo ("old rum") and ron añejo ("aged rum").*

*Rhum Agricole: is a type of rum distilled in one of the French West Indies islands from freshly squeezed sugar cane juice rather than from molasses. Most rum is made from molasses, a byproduct of sugar refining but when France began to make sugar from sugar beets, sugar prices plunged heavily. The debt ridden sugar factories could not survive solely on sugar production. The French islands found that fresh cane juice was available for fermenting and distilling into rum.*

## WHISKIES (45ML)

### **Michel Couvreur 12y.o Special Vatting (Sheery Casks) France** 32

*A vatting of three single cask, 12 year old Scotch whiskies. Deep brassy gold colour. A gentle prickle accompanies the vaguely cereal, dried grass notes with the faintest suggestion of peat - and frankly, if it wasn't for the label it probably wouldn't have registered. Nice texture from the entry on. Plenty of richness at mid palate. A whisper of smoke develops towards the finish adding an attractive briney, creamy, Caol Ila-like finale that carries the length well. Unquestionably the most understated peated whiskey to be marketed as "peaty" that we've ever tasted.*

### **The Yamazaki 12 y.o Japan** 24

*The nose is of good body with plenty of nut oils and zest, a pleasant floral character with a little tropical fruit and a rooty note. The palate is smooth and soft with good sweetness and winter spice. A lovely citrus note develops with more tropical fruit notes and a little rum. The finish is medium with fruit and zest.*

### **Ardbeg Uigeadail Islay Scotland "Non Chilled-Filtered"** 27

*Uigeadail derives from the Scotch Gaelic for 'Dark and Mysterious Place' and is named for the Loch from whence Ardbeg draws its waters. Jim Murray's 2009 World Whiskey of the Year, this cask-strength bottle exudes breathtaking balance. Led by sweet, ripe fruit and black forest honey. A good helping of malt. The throne then usurped by a powerful peat and smoked barley.*

### **Talisker 10 y.o Island Scotland** 17

*The distillery was founded in 1830 by Hugh and Kenneth MacAskill, and built in 1831 at Carbost after a number of false starts on other sites when they acquired the lease of Talisker House from the MacLeod of MacLeod. Quite dense and smoky on the nose, with smoked fish, bladderwrack, sweet fruit and peat. Full-bodied and peaty in the mouth.*

### **The Glenlivet 18 y.o Speyside Scotland** 28

*The nose is quite big and well-rounded. There are notes of chewy sultanas and sherried peels, barley sugars and toasty cereals with petals and apple blossom. A touch of fudge and gentle wisps of smoke. The palate is full and rich with notes of chewy, tannic oak. Manuka honey and walnut with Cox's apples and orange peels. Cut herbs; fennel and spearmint. The finish is long and dry with a spicy oak note.*

### **Glenkinchie 12 y.o Lowland** 15

*Situated in East Lothian which is 15 miles from Edinburgh this distillery is one of only three remaining lowland distilleries in Scotland using local grains the 12 year old is light and delicate with lemon and grassy aspects on nose and palate.*
